TRANSCRIPT INFORMATION

1. Length of Semesters and Credit Hours

The academic year at the USAF Academy consists of a summer term (6 weeks), a fall semester (16 weeks of instruction and one week of final examinations) and a spring semester (19 weeks of instruction and one week of final examinations). During the years 1959-1960 and 1960-1961 the academic year consisted of a summer term, a fall and a spring semester, and a May term.

One semester hour credit represents one recitation of 50 minutes per week for approximately 16 weeks. For a course that is of less than 16 weeks duration, a semester hour of credit is computed on the basis of 44 hours of cadet effort (contact and/or study) per semester hour of credit.

2. Numbering System

Course numbers are three-digit numbers with the first digit showing the level of the course offered.

- 100 series - Fourth Class (freshman) level courses
- 200 series - Third Class (sophomore) level courses
- 300 series - Second Class (junior) level courses
- 400 series - First Class (senior) level courses
- 500 series - Graduate level courses

Prior to the 1964-1965 academic year, courses numbered with a second digit of less than 5 were regular prescribed courses, and courses numbered with a second digit of 5 or higher were enrichment courses. Certain enrichment courses taken to meet requirements for a major, or for personal educational development, may be substituted for prescribed requirements.

Commencing with the 1964-1965 academic year, prescribed courses have a second digit of 3 or less; enrichment and majors courses have a second digit of 4 to 9.

3. Advanced Standing

Cadets are granted transfer credit for courses which correspond to the courses in the USAF Academy curriculum. The Academy equivalent course is shown in the "Dept" or "Course" and "Course Number" columns.

Certain cadets who have special aptitude or special preparation are allowed to enroll in accelerated courses which move faster and cover more material than regular prescribed courses. Prior to the 1961-1962 academic year, an accelerated course is identified by the term "(ACCEL)". Since that time, accelerated courses are not identified on the transcript. Cadets who have difficulty in an advanced course may be transferred during a semester to a lower-numbered course and receive a W (Withdrawn) in the course from which transferred.

4. Honors Course

An H suffix to a final course grade identifies cadets who participate in honors sections. Course material studied in greater depth than in the regular sections is offered in core courses to selected cadets who volunteer.

5. Turnback

Cadets may be recommended for turnback to the next succeeding class. If turned back, only eight semesters are computed for the cumulative grade point average and graduation order of merit; however, courses taken in all semesters which are not repeated will satisfy course requirements for the degree.

6. Graduation Order of Merit

Prior to the 1966-1967 academic year, transcripts included a cadet's graduation order of merit, which is a weighted computation of all of his course grades and his military performance. From this order of merit the Distinguished Graduates are determined.

7. Non-Graded Courses

Non-graded courses carry no grade points, and successful completion is indicated by a P. These courses are grouped together and follow all other courses on the transcript. The year in which each course was taken may be determined by the course number (see paragraph 2).
